Science | Syed Abul Hossain College

First Division

Bachelor of Science 1998-1999

Science | Dhaka College

Third Division

WORK EXPERIENCE

My Dream is 2000

To be a Web Designer, Developer & Wordpress Expert

Since 2000, I started dreaming of learning freelancing work. After completing my Bachelor of Science Degree, I enrolled in a basic computer course. At first, I started with learning Microsoft Office, then graphics design and then I started learning web design. I spend hours and hours in various cyber cafes to learn web design and gather a lot of knowledge.

Bicon Academy IT Center 2000 - 2001

Probationary Graphics Designer

I completed a six-month professional Graphics Design course from Bicon Academy IT Center, Dhaka in 2000. Here I completed Microsoft Office, Photoshop, Illustrator etc. It helped me develop strong creative, branding and illustration skills.

New Cartoon Products 2001 - 2002

Graphics Designer

I worked on various design projects for New Cartoon Products which is in Purana Polton, Dhaka, including banner design, calendar design, logo design, and more. During this time, I gained valuable experience in creative design and learned how to create visuals that attract clients or any person.

Commercial Market

Graphics Designer

2002 - 2003

I spent about a year working as a Graphic Designer in a busy commercial market. I had the opportunity to design for a wide range of clients with their own ideas and needs which helped me grow as a creative and flexible designer.

Government of Bangladesh

Data Entry Operator

2003 - Present

I've been working as a Data Entry Operator at Upazila Primary Education Training Center, Damudya, Shariatpur under Government of Bangladesh since 2003. This long-term experience has helped me become highly skilled in computer operations, digital documentation, and providing reliable IT support with professionalism and accuracy. I also enjoy self-learning and regularly upgrade my skills in HTML, CSS, JavaScript, jQuery, Bootstrap, and PHP from free online tutorials and YouTube lessons.

Freedom It Institutions

Web Designer, Wordpress Developer

2024 - 2025

Besides my government service, I completed a 6-month excellent training on Web Development Master Class Complete Certificate Course through online. Here I designed and developed responsive WordPress websites using Elementor and WooCommerce. Improved site speed, fixed bugs, and optimized SEO. Delivered creative, user-friendly web solutions that matched client goals and enhanced online presence.

Freelancer.com

Web Designer, Wordpress Developer

2025 - Present

At present besides my government service, I've been working as a Web Developer and WordPress Expert across different online marketplaces. I help clients build modern, responsive, and user-friendly websites that fit their brand and goals.
